

CINEPAR 6/12KW (Ref : 286T)

This exceptional and very popular 6/12KW CINEPAR, is an essential tool for lighting professionals in the motion picture industry as well as in the event and road show entertainment arenas.

Like all LTM CINEPARS, its beam is contained and directed via a custom-made set of medium, wide, super wide and frosted Fresnel lenses.

At 50m in spot, this amazing light put out more than 9,000 Lux.

A new bulb socket design unique to LTM, the TRIPLE LOCK, holds the 12KW single-ended bulb securely in place.

Compatible with magnetic ballast or 6/12KW, 6/12/18KW electronic ballasts w/PF
